

STRAY CATS

There seems to be an issue with stray cats in the Village. If you have a stray cat bothering you and can live trap it, call Todd at 608-778-9799. The Village guys will pick it up and take care of it.

If you are a cat owner and let your cat outside, be sure to put it on a leash. It is not fair to other residents to have someone else's cat be a nuisance to them.
